**HADLEY
HOUSE**

If every picture tells a story,
we have a whole library.

It's one thing to feature a few assorted prints in your recognition program. Quite another to open the complete **Hadley House** art gallery to your employees!

"I don't know much about art, but I know what I like." And with a selection like this, there's something for everyone to like. Hadley House is well known for bringing the finest artists, reproductions and wall décor together under one umbrella. And **Award Concepts** now carries the complete assortment online in our unique **Our GIFT For You** online award redemption software.

From traditional to abstract, seascapes to cityscapes, each piece of artwork arrives beautifully framed and ready to hang.

*We've got recognition down to a fine art.
Call **Award Concepts** today.*
