

WEEKEND WARRIOR COLLECTION

As much as your employees love their jobs,
everybody's working for the weekend!

So, when you want to reward them for years of service, give them something to make the most of their leisure time. **Award Concepts'** new **Weekend Warrior Collection** is like nothing you – or your employees – have ever seen before. Offer this unique collection of high-quality, brand-name gifts and you're guaranteed to have them talking around the water cooler (*if you have one*).

Ever found a hunting blind in a gift collection? It's in this one! From camping gear to cookout equipment, tools to trail cameras, beach chairs to BBQs – wherever your employees range on the "rugged" scale, they'll find something they can use for years to come.

Family-friendly? Absolutely. Many of the Weekend Warrior selections can be enjoyed by the whole gang. (*When was the last time you saw a family get excited by Dad's pen and pencil set?*) And it's definitely not for men only.

Challenge yourself. Take a look at your current collection. If it makes you hit the snooze button, you're ready for a change. The Weekend Warrior Collection is the wake-up call you've been waiting for!

*Call Award Concepts today and see
what you – and your employees –
have been missing!*
