

# SAFETY POINTS PROGRAM

Creating and keeping a safe health care facility is its own reward, but sometimes even the most conscientious employees need a little incentive.

That's where Award Concepts comes in.

Our new **Safety Points Program** is an easy and effective way to encourage, reward and reinforce safe and healthy practices in all areas of your facility. Employees earn points for their safety achievements – a set number of days without an incident, suggesting or implementing new best practices, or simply setting an excellent example for others. Then they redeem their points for an award from our awesome gift collection!

We'll create an awards collection just for you. We're **THE BEST** when it comes to custom corporate jewelry: rings, pins, Badge ACcents, all designed and manufactured right in our St. Charles, Illinois facility. Maybe you'd prefer to offer electronics, home décor, personal care items – no problem. With literally hundreds of gifts available, we'll find the perfect mix to inspire your employees to play it safe and keep everyone in perfect health!

**THINK:** The safe way is **THE BEST** way, even in recognition!
